Washington, DC 20001

Dear Kathleen:

What a wonderful event we had with CBRE and Rebuilding Together Chicago last week! You have done so much to brighten our resident's lives - the flowers, the playground, the teen and child areas, that wonderful artwork, all the painting and cleaning! We would like to thank each and every volunteer who contributed their energy and hard work to complete all of these projects. These efforts will go a long way in inspiring our residents as they seek to find jobs and housing during their stay here with us.

We could not have done this much in such a short amount of time. You made it happen and we are so grateful. Feel free to drop by whenever you can. You are always welcome here at Cornerstone Community Outreach.

Sincerely,

Sandra J. Ramsey
Executive Director
Cornerstone Community Outreach
